Most Needed Supply Wish List

Summer 2017

Thank you for your willingness to consider joining us in providing for the needs of the 300+ infants and children who are cared for in our Care Centers in China. Each child who comes into our care faces a wide range of very significant challenges due to their status as an orphan living with acute medical and/or special needs. With the loving, day-to-day nurture and dedicated medical care provided to each child, there is great hope of not only survival, but of one day entering the love of a family through adoption. The supplies you provide will help meet the specific needs of these children. Thank you!

To donate supplies or to help transport supplies to China when traveling, please contact:
