

Donor Privacy Policy

Last Modified: 10/20/21

Effective Date: 10/20/21

Show Hope is committed to respecting the privacy of its financial and in-kind donors, whether the donation is made online, by mail, or any other method. When you make a financial or in-kind donation, you provide your name and contact information. Financial donors provide standard payment information including, in many circumstances, credit card data. We protect personal information collected in a variety of ways, as described below.

We use industry standard safeguards to protect your information. Many donors use credit cards for donations. We protect the security of credit card transactions using a number of measures such as encryption, access controls, network firewalls, and physical security. These measures make it extremely difficult for anyone to intercept your credit card information. When we work with other companies to process credit card transactions, those companies also use encryption and other security measures.

We will not sell, share, or trade our donors' information with any other entity. In addition, we will not send mailings to our donors on behalf of other organizations.
